

Senseonics Announces Public Offering of Common Stock

July 16, 2019

GERMANTOWN, Md.--(BUSINESS WIRE)-- Senseonics Holdings, Inc. ("Senseonics") (NYSE American: SENS), a medical technology company focused on the development and commercialization of a long-term, implantable continuous glucose monitoring (CGM) system for people with diabetes, today announced that it has commenced a registered underwritten public offering of \$25.0 million of its shares of common stock. In addition, Senseonics anticipates granting the underwriter a 30-day option to purchase up to an additional \$3.75 million of its shares of common stock. All of the shares to be sold in the offering are to be sold by Senseonics. The proposed offering is subject to market and other conditions, and there can be no assurance as to whether or when the offering may be completed, or as to the actual size or terms of the offering. Senseonics expects to use the net proceeds from the offering for working capital and general corporate purposes.

Jefferies LLC is acting as sole book-running manager and underwriter for the offering.

A shelf registration statement on Form S-3 relating to the public offering of the shares of common stock described above was declared effective by the Securities and Exchange Commission (the "SEC") on April 19, 2018. Before you invest, you should read the prospectus in the registration statement and the related preliminary prospectus supplement that Senseonics will file with the SEC in connection with this offering and other documents Senseonics has filed with the SEC for more complete information about Senseonics and this offering. An electronic copy of the preliminary prospectus supplement and the accompanying prospectus relating to the offering will be available on the website of the SEC at www.sec.gov.
