Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► **On October 17, 2025, Senseonics Holdings, Inc. (The "Company") effected a 1 for 20 reverse stock split for its common stock. Pursuant to the reverse stock split, every twenty (20) shares of issued and outstanding common stock automatically converted into one (1) issued and outstanding share of common stock, without any change in the par value of \$0.001 per share. Any shareholder who would otherwise be entitled to fractional shares as a result of the stock split received a cash payment based on the average closing sales price of the Company's common stock.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► **Upon the effective date and time of the reverse stock split, every 20 shares of common stock of the Company automatically converted to one share of common stock. As a result, shareholders must allocate the aggregate tax basis in their shares held immediately prior to the reverse stock split among the shares held immediately after the reverse stock split (including any fractional shares for which cash in lieu was deemed to be received for federal income tax purposes).**

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► **See answer to item 15. Because no fractional shares were issued, the aggregate tax basis of company stock held by a shareholder immediately after the reverse stock split could be less than the pre split aggregate tax basis by an amount equal to the aggregate tax basis allocated to the fractional shares, if any.**

Part II

Organizational Action (continued)

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ▶ The adjustment to the shareholder's basis in their shares of the Company is determined pursuant to IRC Sections 354(a), 358(a), 368(a) and 1001 and 1012.

18 Can any resulting loss be recognized? ▶ The 1 for 20 reverse stock split should not constitute a taxable transaction, except to the extent cash was received for fractional shares. Shareholders should consult their tax advisor to determine the tax impact of this transaction with respect to their individual facts and circumstances for the tax year 2025.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶ The reportable tax year is 2025.
